12 Questions You Need to Ask Every Club

Membership Options Made Simple

Our 3 Steps to Choosing the Right Club

Hello friends,

For 50 years, The Springs has been helping prospective members like you find the perfect place in the Coachella Valley to call home. With its vast selection of private clubs, the options are many but the differences can often seem few. It's a big decision — and rarely an easy one.

While an immersive tour is still the best way to evaluate a club, it's not always possible to visit in person. That's why we created an entirely different kind of membership guide — one that shares our resources and expertise to offer more insight, more information and more help for your club search.

We're fortunate to enjoy a club community filled with members who have found their perfect place. Whether yours is here at The Springs or at one of our neighboring clubs, we'd be delighted to help you find the way.

All the best,

How do YOU define the perfect golf membership?

Beautiful views and rewarding play are par for the course here in the Coachella Valley. At the same time, no two clubs are alike. With so many great options, how can you be certain which is the best fit? Whether your top priorities are access, facilities, level of play or some other aspect of the game — be sure to address them with both staff and members at every club on your list.

18 Holes of championship golf for every level.

Our pristine, 18-hole championship course is rivaled only by the soaring views of the San Jacinto Mountains. LIFESTYLE

Community is everything. How will you choose the right one?

Perhaps the hardest question to answer when searching for a club: “Will we fit in?” While this means different things to different people, there are a few ways to get a feel for social fit. Ask for a calendar of events, a list of social clubs or speak directly with a membership manager. If visiting in person, get outside your comfort zone and speak to as many members as possible.

A vibrant, welcoming community above all else.

Entertaining is our forte, and a beautifully renovated 48,000 square foot Clubhouse is the centerpiece of it all. Celebrate momentous occasions and festive holidays. Enjoy casual luncheons, club gatherings and wine dinners with fellow members. Attend happy hour or host a memorable party. Here, a welcoming community delights in a vibrant lifestyle like no other.

CLUB STABILITY

Choosing the right club is serious business.

With their manicured grounds and stately clubhouses, most clubs in the valley are the picture of financial health. However, you'll want to look beyond the alluring amenities to familiarize yourself with the leadership structure and assess their level of fiscal stability. The right club will be positioned to deliver an exceptional member experience in any economic climate.

A bright past and a secure future for The Springs.

In the early 1970s, Palm Desert Joint Ventures and Equitable Life Insurance formed a joint venture to create a private club in the desert like no other. With all available homes sold, The Springs became member-owned in 1983 and continues to thrive today. A 9-member board of directors oversees the immediate and long-term needs of the community while prioritizing a secure financial future.

Recent member-driven club improvements:

Clubhouse Renovation
A spectacularly re-imagined clubhouse, completed in April 2021.

Golf Improvements
Renovated short game practice area.

Court Improvements
Refurbished tennis courts and 12 new pickleball courts.

“Our members have come to The Springs for a variety of reasons, some of which are obvious, such as location, security, quality, value, and spectacular amenities.

Our goal is to ensure the choice they made was the right one, to constantly meet and exceed their expectations from the beginning, and to provide memorable experiences which will no doubt give confirmation that their decision to be here at The Springs was spot on!”
